

PRODUCT SPECIFICATION REPORT

Nu Tri Clean is designed to remove oils, greases and adhesive film from aircraft surfaces and parts. It is a preferred alternative to products containing chlorinated solvents.

SELIG NU TRI CLEAN

PROD.#J254

Non-Chlorinated, Non-Flammable, Fast Evaporating Degreaser & Electrical Contact Cleaner

FEATURES/BENEFITS:

Aerospace Specifications	Douglas CCSD#1 (not for acrylic); Pratt & Whitney SPMC 189 (solvent for localized oil removal from titanium and non titanium parts only on wing), PWA 36604 Hot Corrosion Testing, ASTM F-945 (stress corrosion of titanium alloys)
Versatile	Nu Tri Clean is excellent for use on ground service equipment, hydraulic machines, etc. in all shops
Non-flammable	Reduces concerns about safety in both use and storage.
No Residue	Fast evaporative solvent does not leave any residue behind. No rinsing needed.

APPLICATION:

Recommended for degreasing aircraft surfaces and parts. Can also be used for printed circuit boards or electrical parts cleaning.

COMPANION PRODUCTS:

799 Universal Cleaner Concentrate, Aircraft Polish, RTU Cleaner Disinfectant, Pure-Fect, Window View, Dyna 680 T2

SPECIFICATIONS:

Physical Form	Liquid
Color	Colorless to Light Yellow
Odor	Strong
Flammability	Not Flammable
Shelf Life	1 Year Minimum
DOT Shipping Label	ORM-D

PACKAGING:

- 22 fl. oz. can
- Gallons
- 5 Gallon Pail
- 55 Gallon Drum
